## About Us

PrattMWP provides the first two years of Pratt Institute's Bachelor of Fine Arts degree in one of three majors: Fine Arts, Communications Design, and Art and Design Education. Students who begin at PrattMWP spend their freshman

and sophomore years on the Utica campus before relocating to the Brooklyn campus as juniors to complete their final two years of the BFA.

PrattMWP is an ideal program for students who desire one-on-one attention and a close-

knit environment to develop, expand and excel in their chosen medium.

We also offer students a considerable savings: we cost approximately \$11,000 less a year than most four-year private art colleges.
